Candidate for Department 13 Judge Launches New Campaign Website

LAS VEGAS – Suzan Baucum, candidate for Las Vegas Justice Court, Department 13, launched her new campaign website, www.SuzanBaucum.com today. She is the first candidate for the Department 13 seat with a fully functional campaign website up and running.

Baucum launched the site as a one-stop resource for voters and the public. They can learn about her legal, judicial, and community experience. They can also sign up to support and get involved with the campaign.

“My campaign website is a solid resource for voters to learn more about me and why I’m running for Las Vegas Justice Court in Department 13,” Baucum said. “I want voters to know my background. I believe I offer the right balance of legal, judicial and community experience to be a judge.”

A cornerstone of Baucum’s campaign is accessibility and accountability to the public. “I believe elected officials should be easily accessible” Baucum said. “If voters have a question, suggestion or concern, they can call, email or write me from my Contact page and I’ll respond.”

With over 60 judicial candidates filed for 25 different judicial positions throughout Southern Nevada, Baucum believes the launch of her website will distinguish her race and her qualifications from the others.

“There are many judicial races in Southern Nevada this year. Sometimes it can be confusing to understand which candidate is running for what office. My website makes it clear: I’m running an active campaign with a great deal of community outreach to become the Las Vegas Justice Court Judge for Department 13.”
